

Anchor Watch

*On the lookout for the best resources and tips for
The Helm ABA family and friends!*

movement

The weather is finally cooling off! We love the idea of getting outside and working on our matching, pointing, and direction following skills! Check out this great scavenger hunt from PrintableFaries.com! [Check them out here!](#)

support

Thanksgiving is just around the corner! We love these [Thanksgiving Day Visuals](#) with complete visuals, social stories and more! Click the link for a free 22-page download!

Craft

Take a look at this adorable turkey craft! During this activity we can work on the concept of thankfulness, cutting, gluing, color identification and even tracing!

Science experiment

Fall is the perfect time to experiment with pumpkins, apples and even corn! Our dancing corn experiment is an awesome example of a chemical reaction, and kids love these amazing reactions just as much as adults!

DANCING CORN MAGICAL FALL SCIENCE

Books we love

Pete the Cat and The First Thanksgiving

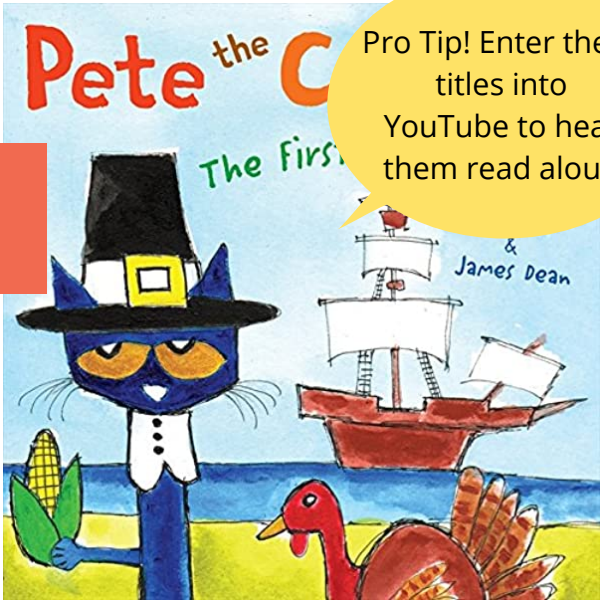

by Kimberly and James Dean

Bear Says Thanks

by Karma Wilson

The Night Before Thanksgiving

by Natasha Wing

Pro Tip! Enter these titles into YouTube to hear them read aloud!

#BestABATeaminTexas

This past month our locations opened thirty minutes late to allow our team members to VOTE! Check out our social media to see which location had the highest percentage of voter turnout!
